The State of Agriculture

Someone recently asked me about the state of agriculture. It's in good shape relative to others in Alberta, although most consumers pay little attention, and take it for granted.

Before expanding, I want to point out that farmers, one of the first links in the agri-business value chain, in Alberta and across Western Canada are currently seeding their crops. Osborne Interim Management (OIMTM) wishes them and all the businesses that support them, good weather and conditions for planting and the many tasks to follow, which bring us and our families the healthy food we eat.
